Dear Parents, Guardians and Students,

I take this opportunity to congratulate most of our students who have done really well in the last year despite lots of stress and difficulties. Especially I would like to mention a few students who have contributed to the School and to their classes in various ways during the year 2020. I wish and hope that many will follow in their footsteps in the coming year too. This is just a token of appreciation and they will be presented with certificates once the school reopens physically.
